

# FOCIS 2024 Member Society Symposium

## *Organized by the Japanese Society of Clinical Immunology (JSCI)*

Tuesday, June 18, 2024 at the San Fransisco Marriott Marquis

FOCIS2024 は、多臓器の自己免疫疾患クロストーク、異種移植や先天性免疫異常の新たな取り組みなど、臨床応用を最重視し、アカデミアと企業が非常に近接した学会でした。

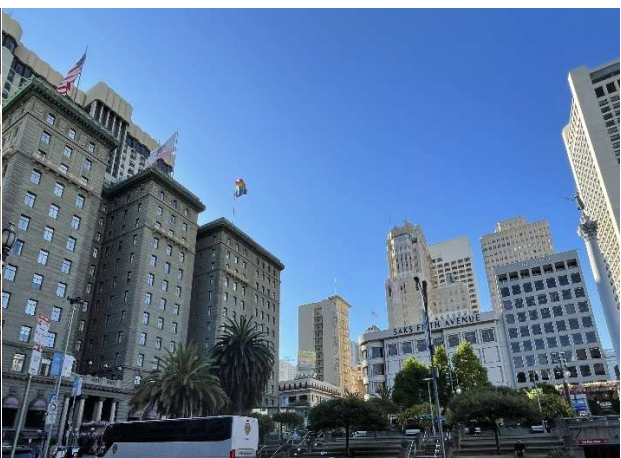

JSCI のシンポジウムでは 4 名の先生方の素晴らしいプレゼンテーションがあり、部屋が埋まって立ち見が出る程の聴衆と、多くの質疑をいただき大変盛り上がりました。

本年は 10 個の関連学会のシンポジウムがありましたが、その中でも今後の JSCI の国際的な立場が数段階上がったと感じます。来年度は JSCI からもグラントが出ますので、日本からもこの素晴らしい学会に多くご参加をいただければ幸いです。

一般社団法人 日本臨床免疫学会 理事 松本 功

### **Symposium Title:**

***Interaction between environmental factors and immune system in immune-mediated diseases***

**Symposium Description:**

JSCI is a society composed of clinical immunologists from various fields such as rheumatology, gastroenterology, dermatology, pediatrics, and more. In JSCI, high-quality research in the field of clinical immunology is being advanced through the exchange of researchers from different disease areas. In this symposium, we focus on the pathogenesis of immune-mediated diseases that are explicitly or potentially influenced by environmental factors. By attending this symposium, participants will have the opportunity to receive the latest updates on our understanding of the cross-disease effects of environmental factors.

**Chairs:****Yoshiya Tanaka, MD PhD**

The First Department of Internal Medicine, School of Medicine, University of Occupational and Environmental Health, Japan

**Isao Matsumoto, MD PhD**

Department of Rheumatology, Faculty of Medicine, University of Tsukuba, Japan

**Speakers:****Michihito Kono, MD PhD**

Department of Rheumatology, Endocrinology and Nephrology, Faculty of Medicine and Graduate School of Medicine, Hokkaido University, Japan

*Metabolic and epigenetic reprogramming of T cells in autoimmunity*

**Masayuki Nishide, MD PhD**

Department of Respiratory Medicine and Clinical Immunology, Graduate School of Medicine, Osaka University, Japan

*Bridging single cell analysis with clinical insights for ANCA-Associated vasculitis*

**Nobuhiro Nakamoto, MD PhD**

Division of Gastroenterology and Hepatology, Department of Internal Medicine, Keio University, Japan

*Bacteriophage therapy against *Klebsiella pneumoniae* in primary sclerosing cholangitis*

**Yoshihide Asano, MD PhD**

Department of Dermatology, Tohoku University Graduate School of Medicine, Japan

*Commensal Bacteria: Orchestrators of Autoimmune Skin Inflammation and Beyond in SLE*
